Lindenwold, NJ 08021

Dear Richard & Kathleen:

JDRF is a champion for the millions of children and adults affected by type 1 diabetes (T1D), and your support makes this possible. Every detail of our organization, both large and small, is guided by a simple goal: to lessen the tremendous daily burden of this disease, until it is none. With donations like yours, JDRF is able to impact the lives of the millions of children, adults, and families challenged by T1D every single day. Thank you for your recent gift of \$37,500.00 made on August 7, 2017 to support the Walk to Cure Diabetes in Gloucester Township, NJ.

It is because of people like you that JDRF has the ability to not just deliver hope, but a series of life-changing therapies that will make the burden of T1D less and less, until it no longer exists. We are putting your dollars to work funding research that will remove the daily burden of managing this complex disease through better treatments like smart insulin, an artificial pancreas, or encapsulation therapy while relentlessly pursuing our vision of a world without T1D through prevention and ultimately a cure. You can read more about our research online at [jdrf.org/the-plan](http://jdrf.org/the-plan).

Motivated and supported by people like you, we will stop at nothing, absolutely nothing, until **Type One** becomes **Type None**, and your continued support moves us closer to achieving our vision. On behalf of JDRF and the millions of people living with T1D, thank you today and every day.

Sincerely,

Nanette Gerst  
Executive Director

As JDRF has provided no services or goods in connection with this gift, it is fully tax deductible as provided by law.

Thank you again, for your generosity and  
passion.  
Kathleen
